(a) A producer or the producer's agent shall request a loan at the county office for the county which, under part 718 of this title, is responsible for administering programs for the farm on which the cotton was produced and which will assist the producer in completing the loan documents, except that CMA's designated by producers to obtain loans in their behalf may, unless otherwise authorized by CCC, obtain loans through a central county office designated by the State committee.

Service charges shall be deducted from the loan proceeds. The producer or the producer's agent shall not present the loan documents for disbursement unless the cotton is in existence and in good condition. If the seed cotton is weighed, the percentage to be used shall not be more than 95 percent. If the quantity is determined by measurement, the percentage to be used shall not be more than 90 percent.
